Announcement of New large displacement Diesel engine (KUBOTA 09 Series) March 6, 2017. Kubota will introduce the new 5 liter engine (V5009) at Conexpo which will be held at Las Vegas, Nevada, USA in March 2017. Mass production will start from 2020, and the engineering support work starts before to match the application. This engine will be supplied to manufacturer for construction and industrial machine.

Announcement of New large displacement Diesel engine ...  
The Kubota V5009 is the Diesel of the year 2019. The story of the Kubota V5009 starts from afar. For the general public the first milestone was in Las Vegas, March 7, 2017. In the Nevada desert Kubota is [guilty] of a double heresy: the 5 liters shuffles the cards by raising the bar of the traditional Japanese segmentation and dispelling a myth at the same time: for the first time, the brand from Osaka announces an engine that will be launched in 2020, that is three years later.
