How to Create the Successful Life You Want in 7 Steps ...

Leading the Life You Want, the book profiled successful people who exemplify a fundamental idea, an idea that we can achieve greatness not by forsaking their families, communities, and self. But rather by embracing these parts of their lives and achieved harmony between work and life. A truly balanced work-life balance.

Leading The Life You Want - Aarif Billah

Enter Stew Friedman, Wharton professor, adviser to leaders across the globe, and passionate advocate of replacing the misguided metaphor of "work/life balance" with something more realistic and sustainable. If you're seeking "balance" you'll never achieve it, argues Friedman. The idea that "work" competes with "life" ignores the more nuanced reality of our humanity—the interaction of four domains: work, home, community, and the private self.
