Legion is for the most part a thriller, very much in the vein of early Frederick Forsyth. It's well structured, deftly written and filled with interesting and compelling characters. If Abnett has a weakness, its his fondness for deus ex machina (most of the early Gaunt's Ghosts novels) but here it truly plays to the novel's strength.

TL;DR: Dan Abnett is a godly writer who expresses Humanity Fuck Yeah! in the most epic way possible. Perhaps his only weakness is his marked preference for human vs human works. The number of his works that feature Xenos prominently can be counted with your hands. For those who are tired of Chaos, this can be a bad thing.

Legion is by far one of, if not, best books in the Horus Heresy saga that I have read. Dan Abnett is a truly talented writer who captures the grim and depressing lives of the lowest of human soldiers to the fear inducing and awe inducing persona of a Space Marine in the 40K universe with absolute perfection. This novel covers a range of ...
