generation AirPort Express expressed earlier in 2004. It is also known as the “AirPort Express 802.11n (First Generation)” because this model was the first in the line to add support for 802.11n Wi-Fi networking. This upgrade allows you to use either a 2.4 GHz network or a 5 GHz network (but not both at the same time because that feature only arrived in 2012).

AirPort Extreme Base Station A1264 - YouTube

The AirPort Express is a Wi-Fi base station product from Apple Inc., part of the AirPort product line. While more compact and in some ways simpler than another Apple Wi-Fi base station, the AirPort Extreme, the Express offers audio output capability the Extreme lacks. The AirPort Express was the first AirPlay device to receive streamed audio from a computer running iTunes on the local network.
