Lexical Phrases and Language Teaching | Semantic Scholar
The lexical approach does away with the grammar/vocabulary dichotomy and instead presents linguistic fluency as the ability to readily and rapidly appropriate stock phrases to different situations. We build sentences and communicate by using thousands of these phrases. So, language teaching should reflect this reality in the classroom.

How to Apply the Lexical Approach to Language Teaching in ...
Lexical phrases are shown to be especially important in the teaching of conversation. The use of memorized chunks of language in typical conversational situations promotes fluency. By repeating appropriate phrases to express certain functions, learners acquire pragmatic competence.

Lexical phrases and language teaching: Nattinger, James R ...

Lexical Phrases and Language Teaching by James R ...
The lexical phrases focus on raising the students’ proficiency with the words combinations or usage. The teaching deals on reasonably permanent expressions that take place seldom in oral language like “I am sorry” or “That will never happen again” to a certain extent than on formerly created sentences.
The lexical approach is not a single, clearly defined method of language instruction. It's a commonly used term that's poorly understood by most. Studies of literature on the subject often show that it's used in contradictory ways. It is largely based on the assumption that certain words will elicit a response with a specific set of words.

The Lexical Approach in Language Teaching
Lexical phrases, (first mentioned in 1975 by Becker) according to Nattinger and Decarrico (1992), are multi-word chunks of language of varying length that run on a continuum from fixed phrases like in a nutshell to slot- and- filler frames like the _____er, the _________er. English is full of multi-word expressions but lexical phrases distinguish themselves in that they are pragmatic and functional (for example, you've got to be kidding me, Guess what?

Lexical Phrases Language Teaching - AbeBooks
The importance of lexical phrases would suggest that we need to include instruction on them in our language teaching. As this is a
new area, it is not yet clear how we can best achieve this. We do not even have a list of the most frequent lexical phrases in English as of yet, although this gap is now being addressed by Dave and Jane Willis.

**Lexical Approach 1 - What does the lexical approach look ...**

In the lexical approach, lexis in its various types is thought to play a central role in language teaching and learning. Nattinger (1980, p. 341) suggests that teaching should be based on the idea that language production is the piecing together of ready-made units appropriate for a particular situation.

**Lexical Approach to Second Language Teaching, ERIC Digest.**

Lexical Phrases and Language Teaching is a classic applied linguistic work as it contains (in Part 1) a thorough linguistic introduction to and analysis of the issue as well as (in Part 2) a detailed discussion of how the teaching of foreign/second languages can benefit from the theoretical insights.

**Lexical Phrases and Language Teaching, Tesol Quarterly ...**

For the purpose of real communication, there is a strong argument for teaching lexis in the form of phrases, not as single words. When linguists claim the significance of lexical phrases in second language acquisition, it may be for two distinct reasons. One approach is that phrases are important, because phrases are what constitute language.
