Systems Approach with ...

Excellent atlas of microbiology! This book  
does a great job illustrating many microbes  
that you would otherwise be unable to see. I  
thought this manual was a good compliment  
to the required textbook for the course, and  
it was very handy for use in lab. This is a  
loose-leaf book, so you will need to  
purchase a three-ring binder to house this  
manual.
