Exposing the many lies that are told on
and off the psychoanalyst's couch, *Lying
on the Couch* gives readers a tantalizing,
almost illicit, glimpse at what their
therapists might really be thinking during
their sessions. Fascinating, engrossing and
relentlessly intelligent, it ultimately moves
readers with a denouement of surprising
humanity and redemptive faith.

From the highly respected psychotherapist and best-selling author of Love's Executioner and When Nietzsche Wept comes this long-awaited second novel, an ingenious blending of psychological insight and fictional invention. It is the "twilight of the shrinks" disciples of Freud and Jung sandbag against the rising tide of new age therapies and wring their hands over the unreliable narratives of patients who "lie" on the couch.

They literally “lie on the couch,” and both Lash and Streider are shown to be extremely vulnerable to the dishonest communications of their patients, despite extensive training and understanding, a risk in all therapy. It is also about ethics - the so-called slippery slope of boundary violations as therapists are tempted to violate codes of behavior.
