As Brian Mulligan has said: "There is no other concept in the field of manual therapy, that is applicable to the entire musculoskeletal system and that when indicated gives you an instant pain free result. There is no other concept in the field of manual therapy that only requires 2 to 3 minutes to establish if it is indicated.

Mulligan Treatment Belts and Straps. An innovation in the Mulligan Concept is the use of specific self treatment straps for the cervical and lumbar spine. For those familiar with the Mulligan Concept the straps replace the use of towels for self mobilisation and can be used very effectively to restore pain-free range in all directions for cervical and lumbar movements.
