Waze has the best mapping and real time traffic routing of any GPS system I've ever used in the last 15 years, and I think I've used them all. If there is a map issue or road closure, the Waze map can have it fixed within hours. On Bing maps I've reported errors like roads not existing or being one way, and they still had not been fixed years later. Waze's traffic handling is unmatched in my ...
