Marrow by Robert Reed tells the story of an ancient colossal vessel in possession of secret wonders. In the course of the narrative, the ship Conceptually, this is an intriguing book. The notion of a mammoth spaceship older than Old, stuck on autopilot and navigating the universe, does dance the curiosity into a shivering ache of hope.

## **Marrow (Great Ship, #1) by Robert Reed**

Robert Reed's Marrow is high-concept, epoch-spanning SF in the tradition of Olaf Stapledon's Last and First Men, Camille Flammarion's Omega, and Greg Egan's Diaspora. Unlike Last and First Men and Omega, Marrow features a continuing cast of well-drawn, believable characters in addition to the brain-busting big ideas and sense of wonder. --Cynthia Ward

Robert Reed is one of the most genuinely visionary science fiction authors working in the field today. In his latest effort, Marrow, Reed returns with a vivid setting to tell the innovative, complex, and engaging tale of a violently primitive world alive within the center of a wondrous starship. With a dauntless amount of ingenuity, the author winds elements of space travel, genetic manipulation, social upheaval, and the mastery over mortality into a cohesive plot, tightening these elements ...
