~~Minolta Spot Photography Light Meters for sale | eBay~~

Taken from the manual - Dimensions: 62mm (W) x 163mm (H) x 127mm (D), the grip has a 34mm width. That's roughly 6-1/2" tall, 5" long, and 2-5/16" wide. All of the other spotmeters I have used have been smaller and lighter. However, you'll be unable to find reviews, forum posts, or wiki that does not compliment the durability of the meter.
