New Perspectives on Sir Richard Burton by Dr. John Wallen provides exactly that: a fresh perspective from which to view one of the leading explorers and writers of the Victorian age. Burton has frequently been vilified by postcolonial writers as somehow an archetypal representative of the colonial mentality that reached out to grab an often unknown world with its all-encompassing ""imperial eyes"".

A research monograph on the mid-Victorian rise of Sir Richard Burton, Orientalism and the phenomenon of the Cannibal Club is overdue as, although it has been dealt with superficially many times, there has never been a book length treatment which focuses clearly on the whole arc of its historical development and its relevance to the undercutting of the standard view of the Victorians as almost exclusively prudish and deeply moralistic about sex and pornography.
