The Ultimate Obstacle Course Race Training Guide.  
For a complete beginner, train for at least three to  
four months (even more). This, of course, depends on  
the type of race you are planning to partake. Aim for  
three to four workouts a week, increasing training  
volume gradually from one week to the next.

If you're training for a sprint-distance race, limit yourself to shorter rest periods of about 30 seconds to a minute between hangs. If you're training for a longer endurance course, give yourself 90 seconds to a couple of minutes. Both strategies are meant to replicate how much rest your grip will get between obstacles on race day.
