Now completely updated, Pre-ANDA Litigation: Strategies and Tactics for Developing a Drug Product and Patent Portfolio, Second Edition is an in-depth resource for learning about and planning for ANDA litigations and all the different avenues that pharmaceutical litigants could follow. From the perspective of an innovator company, patents are vital to protect new drug products both to recoup the initial investment and for future investments.

Pre-ANDA Litigation: Strategies and Tactics for Developing ...

One of the first rules of patent litigation is that the patentee has the burden of proving infringement. Except that's not always true. For over three decades, 35 U.S.C. § 295 has allowed a process patentee to reverse the burden—an exception the Federal Circuit has characterized as a “potent weapon to use against a non-cooperative defendant.”
