Closely associated with resistance is the concept of conflict. Conflicts arise when people perceive that their interests and values are challenged or not being met. Conflict management focuses on preventing, managing, or resolving conflicts.

Nonviolent resistance is a necessary component of conflict transformation in asymmetric power relations.

It is particularly appropriate at the early stages of latent conflicts rooted in structural violence, as a tool in the hands of marginal or disenfranchised communities to struggle effectively for justice and democracy.

~~Summary of "Power and  
Conflict" | Beyond  
Intractability~~

~~The history of the  
20th century is full of  
examples which demonstrate  
that violent resistance  
against unjust power  
systems, dictators or  
external occupation is  
likely to generate further  
violence (as seen, for  
example, in the Russian and  
Chinese revolutions or  
decolonisation wars in  
Africa and Asia).~~

Change for organizations is

# Read Book Power Resistance And Conflict In The Contemporary World Social Movements Networks And Hierarchies Routledge Advances In International Relations And Global Politics

a necessity. Today's businesses are aware of the need to keep up with the environmental changes and change demands. If the change process is not handled properly in the business, it will bring major problems with it. Every change will absolutely and definitely face resistance. Similarly, conflicts are considered to be inherent in organizations.

## Handling Resistance When Working through Employee Conflicts

The study reveals a complex scenario in which sexuality is simultaneously a facet of control, a site of empowerment and an object of resistance. It is suggested that a multilevelled conceptualization of power and resistance is required in order to untangle the complex political implications of sexuality and re-eroticization at work.
