Welcome to Eltek - Start

The Eltek Converged Power System (CPS) is the ultimate combination of flexibility, availability, and sustainability, providing a unique modular architecture that will solve any present and future power need. Whatever the load requirements, or voltage levels, AC and DC, all can be provided by the same infrastructure.

Converged Power System (CPS) - Eltek

Scalable DC power system Eltek ' s scalable line of power solutions is comprised of configurable components designed to meet the needs of Central Offices and other high-power DC applications.A variety of rectifier bays provides 48V DC output ranging from 3000A to 20,000A (if cabled).

Scalable DC power system - Eltek

Eltek DC Power Systems. Eltek Trilogy DC Power System. The Eltek Trilogy DC power system is powered by the Flatpack2 line of power modules. With a maximum depth of 15 inches, ... Eltek Modular HE DC Power System. Eltek EcoTower DC Power System. Eltek Scalable DC Power System. Eltek Flatpack S 1U.

Eltek DC Power Systems - Power Solutions

Eltek are a global leader in the design, manufacture and supply of DC power conversion products for telecoms and renewable energy storage systems. The full product range includes: converters, rectifiers, chargers, inverters, solar inverters and energy storage systems.

Eltek DC Power Systems | Energy Storage | DC UPS

Future fit power. It is a simple idea with tremendous effect: Replace your old first-generation Smartpack controller with the Smartpack R to make your power system ready for a high-speed, high-capacity and connected tomorrow.

Flatpack2 Integrated power system - Eltek

Eltek — Gr å terudveien 8, PB 2340 Str a ms ø , 3003 Drammen, Norway Phone: +47 32 20 32 00 Eltek © 2017 — www.eltek.com Compact HE 1U power system The Flatpack S 1U Bulk Feed system is designed for external distributions, and due to its many output options it meets the markets demand for flexible and expandable DC power solutions.

Compact HE 1U power system - Eltek

The Eltek Flatpack S 1U system is an optimal footprint for applications where space is limited – both in racks and various cabinet installations. The Flatpack S 1U is a one rack-unit high system that delivers 48V DC power to telecom infrastructure. The compact size of the system makes it perfect for use in 19 or 23 wide racks and cabinets.
