Amazon.com: Psychotherapy with Deaf Clients from Diverse ...
In Cohen's (2003) research on deaf clients' perceptions of psychotherapy, she highlights the connection between therapeutic alliance and cross-cultural treatment interventions concluding that "although unconditional acceptance is the most important/significant factor in the therapeutic relationship, understanding and clinical interventions related to the transcultural relationship (deaf/hearing) enhance the treatment process" (p. 41). As a corollary of these findings, it is the ...
