EU countries are allowed to reserve certain public-sector positions for their own nationals. This is an exception to the general rule of free movement of workers and must therefore be interpreted restrictively. Only posts involving direct or indirect participation in the exercise of public authority and duties designed to safeguard the general interest of the state may be restricted to nationals.

~~Employment in the public sector - European Commission~~

Definition of services of general interest Services of general interest are services that public authorities of the EU member countries classify as being of general interest and, therefore, subject to specific public service obligations. They can be provided either by the state or by the private sector.

They underpin a significant share of EU economic activity and are especially common in network industries and for the delivery of services of general economic interest. Concession holders may, for example, build and manage motorways, provide airport services, or operate water distribution networks. The 2004 Public Procurement Directives only partially covered concessions and the absence of clear EU rules led to legal uncertainty and obstacles to the free provision of services.
