Reinventing Los Angeles: Nature and Community in the ...
Los Angeles—the place without a sense of place, famous for sprawl and overdevelopment and defined by its car-clogged freeways—might seem inhospitable to ideas about connecting with nature and community. But in *Reinventing Los Angeles*, educator and activist Robert Gottlieb describes how imaginative and innovative social movements have coalesced around the issues of water development, cars and freeways, and land use, to create a more livable and sustainable city.

Reinventing Los Angeles | The MIT Press
Reinventing Los Angeles is a unique blend of personal narrative (Gottlieb himself participated in several of the grass roots actions described in the book) and historical and theoretical discussion. It provides a road map for a new environmentalism of everyday life, demonstrating the opportunities for renewal in a global city. Copyright: 2007
