My previous involvement in Scott-Brown was as a contributor to the 6th edition, editor of the "Plastic Surgery" section in the 7th edition and now senior editor (together with Ray Clarke) of the forthcoming 8th edition. Like others before us both myself and Ray underestimated the task of what we thought would be "updating" the 7th edition.

Scott-Brown is the epitome of printed reference for otolaryngologists.

Commissioning, compiling and editing this tome must have been no mean feat.

The book comes in three volumes, available for £180 each, or £495 for the set. I do wonder who would not want a full set, for completeness and cross-reference.
