NPR (Nippon Piston Ring) Piston Rings. 1. The most important functions of NPR Piston Rings. NPR's most important principles of Piston Rings are: a. Function (Reliability). b. Reduced Weight. c. Low Friction. d. Low Production Cost. Functions of each 1st, 2nd, and Oil Control Rings (please see below figures): 1) Gas Seal: The seal must perform during both the compression stroke and expansion ...

NPR (Nippon Piston Ring) Piston Rings.

Piston rings for engines with relatively low to medium piston speeds are generally made from cast iron. The rather brittle nature of cast iron is the reason why rings sometimes break under stress. If piston rings are made of steel this will not occur - eg many modern engines now use exotic materials . As speeds rise rings become thinner and have to work a lot harder, so manufacturers move to ...
