(New Perspectives ...

Sociolinguistics is concerned with the relationship between language use and social variables. One of the major debates in the field of sociolinguistics is whether to take social or linguistic factors as primary in investigating this

Download Free Sociolinguistics

relationship. As evidence of this debate, Wardhaugh (1992) and others make a distinction between sociolinguistics and the sociology of language.

thinking and feeling.

Thanks to the input of sociolinguistics in educational research, the ways in which social equality can be enhanced through education have also received attention.

The author next describes three major strands of investigation in sociolinguistics: language variation, language contact, and language change.

Work in the area of language variation is based largely on the groundbreaking work of William Labov, whose findings have

Sociolinguistics and
Language Education
The basic premise of
sociolinguistics is that

Download Free Sociolinguistics

language is variable and ever-changing. As a result, language is not uniform or constant. Rather, it is varied and inconsistent for both the individual user and within and among groups of speakers who use the same language. People adjust the way they talk to their social
