Sports And Recreational Activities [PDF, EPUB EBOOK]

Cross-country skiing is a winter outdoor sport and recreational activity that combines skiing and hiking. The natural motion used in cross-country skiing provides an all-around aerobic workout. Each motion incorporates the shoulders, back, chest, core and legs, resulting in the ability to burn about 600 to 900 calories per hour.

Curling, a sport similar to lawn bowls and played on ice, is a popular recreation in Canada, and the national teams are among the most competitive in the world. Other winter sports widely enjoyed by Canadians, as both participants and spectators, include ice skating and downhill and cross-country skiing. Among the many warm-weather recreational activities, fishing, hunting, and canoeing are perhaps most associated with Canada.
