Curriculum Mapping 101: Tools, Strategies, Processes, docs ...

Curriculum mapping is a reflective process that helps teachers understand what has been taught in a class, how it has been taught, and how learning outcomes were assessed. The curriculum mapping process results in a document known as a curriculum map. Most curriculum maps are graphical illustrations that consist of a table or matrix.

Curriculum Mapping: Definition, Purpose, and Tips

A curriculum map is a visual layout of a subject's education standards (from states, certifications, etc.) and the resources that a teacher uses to address those standards in the classroom. Curriculum mapping — the process of making a curriculum map — is the practice of aligning skills to classes and grade levels.
