### Sullair

If you're like many, you may respond to that question with the size of your compressor – a 100 horsepower unit! Or perhaps with the compressor type: rotary screw, piston or maybe even centrifugal. And some may answer based upon the air quality needed, such as oil free. If you're in construction you may say a 185, or a 1600 or a high-pressure unit. But the right service provider is often ...
