Organization Learning System is a training process for executives and their teams to develop the skills to accurately foresee and take critical actions before disruption strikes. The program focuses on four key areas of development: Trend Analysis. Customer Needs.

The Anticipatory Organization

Reacting to problems and digital disruptions, no matter how agile you and your organization are, is no longer good enough. The Anticipatory Organization teaches you how to separate the Hard Trends that will happen, from the Soft Tren. Technology-driven change is accelerating at an exponential rate, but moving fast in the wrong direction will only get you into trouble faster!

Discover 25 proven strategies any size organization or individual can use to accelerate innovation and growth with the low risk and high confidence certainty ...

The Anticipatory Organization: Turn Disruption and Change ...
□ How to turn disruption you thought was outside of your control, into innovations that you, yourself control. Digital transformation has divided the world into two camps: the disruptor and the disrupted. The Anticipatory Organization gives readers the tools they need to make that choice, rather than waiting for others to make it for them.
