The Art of Horror Movies: An Illustrated History by

Divided into nine chapters that cover the various periods of celluloid terror, The Art of Horror Movies not only provides the promised visual history, but also a brief but highly informative written account of the decades' standout films. Each chapter is written by a preeminent voice in the genre, so we have Sir Christopher Fraying covering the silent era, for example, and the ever debonair Kim Newman offering his unique take on the most visually arresting decade, the sixties.

50+ Horror Movie Art/Pictures ideas in 2020 | horror movie

"Primarily a history of the lobby cards and posters that advertised the genre, The Art of Horror Movies shows that those artifacts are, like the films they represent, a mixed terrain whose lowlands of unconscionable schlock rise through foothills of mediocrity to peaks of artistry...

Stephen Jones: The Art of Horror Movies: An Illustrated

An absolutely beautiful book that covers horror art from the Silent era up until now. This was the first time I've seen most of these posters and stills and I've been a horror movie fan since the 60's. It also covers the history in detail. Worth every penny.

The Art of Horror Movies: an Illustrated History (Applause

October 28, 2016, by Shane Scott-Travis. Due to the often exploitative nature of horror films and the upsetting ideas they often provoke, the artistic merits, technical skill, and aesthetic intentions behind them can often be diluted or overlooked entirely. As with most populist filmmaking there's always an influx of artless, derivative and profit-motivated work that discredits the real artist and auteurs out there making legitimately meditative and extraordinary work.
