Growing tea from seed is not an exact science and with a germination time of up to 8 weeks, it ' s not the fastest way to host your first tea party! However, if you fancy giving it a whirl, buy your tea seeds from a reputable trader and ensure that the variety supplied is the Chinese Camellia Sinensis Sinensis and not the Indian Camellie ...

[A complete guide to growing tea | lovethegarden](#)

Tea is similar to wine in that the atmosphere in which it's grown determines much of the flavor and quality. Tea plants typically fare best in acidic soil and regions with heavy rainfall (around 40 inches per year), although they can be grown anywhere from sea level to altitudes as high as 1.3 miles above sea level.
