Violent crime in America shot up sharply in the mid-1980s and continued to climb until 1991, after which something unprecedented occurred. The crime level declined to a level not seen since the 1960s. This revised edition of The Crime Drop in America focuses first on the dramatic drop in crime rates in America in the 1990s, and then, in a new epilogue, on the patterns since 2000.

In the long term, violent crime in the United States has been in decline since colonial times. The homicide rate has been estimated to be over 30 per 100,000 people in 1700, dropping to under 20 by 1800, and to under 10 by 1900. After World War II, crime rates increased in the United States, peaking from the 1970s to the early-1990s.

Air pollution has been found to highly correlate with increased aggression and higher crime rates with... Abortion. The legalized abortion and ...

Crime drop - Wikipedia

Donald Trump made fighting crime a central focus of his campaign for president, and he cited it again during his January 2017 inaugural address. His administration has since taken steps intended to address crime in American communities, such as instructing federal prosecutors to pursue the strongest possible charges against criminal suspects. Here are five facts about crime in the United States.

5 facts about crime in the U.S. | Pew Research Center

The "crime drop" is the most important criminological phenomenon of modern times. In North America, Europe, and Australasia, many common crimes have fallen by half or more since the early 1990s, albeit with variation in the specifics.

Why the Crime Drop?: Crime and Justice: Vol 43

The fall in violent crime that began in the early 90s can be partly explained by the fall in demand for crack, says Prof Blumstein, co-author of The Crime Drop in America. Word got round about the...

The Crime Drop in America: Blumstein, Alfred, Wallman ...

over the past twenty years, the fifty American states have engaged in one of the great policy experiments of modern times. In an attempt to reduce intolerably high levels of reported crime, the states doubled their prison populations, then doubled them again, increasing their costs by more than \$20 billion per year.
