[BBC—Ethics—Introduction to ethics: Ethics: a general ...](#)

The term ethics may refer to the philosophical study of the concepts of moral right and wrong and moral good and bad, to any philosophical theory of what is morally right and wrong or morally good and bad, and to any system or code of moral rules, principles, or values. The last may be associated with particular religions, cultures, professions, or virtually any other group that is at least partly characterized by its moral outlook.

Ethics or moral philosophy is a branch of philosophy that "involves systematizing, defending, and recommending concepts of right and wrong behavior". The field of ethics, along with aesthetics, concerns matters of value, and thus comprises the branch of philosophy called axiology.. Ethics seeks to resolve questions of human morality by defining concepts such as good and evil, right and wrong ...

With the end of any perceived benefits from compartmentalization, our various roles are simply additional places to apply our positive ethical values. Authentic leadership is consistent across responsibilities, roles and settings, and that includes how we apply our ethical values. It's time to do the work.
