The magic of owls (Book, 1977)

[WorldCat.org]

Of course, owls have been associated with magic for a long time, and feature in many old illustrations of witches and wizards, second only to cats as Most Magical Creature. The owl's association with

Description. Magic, once invoked, has the ability to manipulate other natural forces.

A spell, the most basic unit of magic, is an invocation of magic that accomplishes a specific change. A spell can be simple or complex depending on the degree of change the spellcaster is trying to effect.

Magic is not known to be present in the

families. Barn owls with their distinct heart-shaped facial disks make up the Tytonidae family, while all other owl species are in the Strigidae or typical owl family. It can seem like there are many more species, however, because many owls go by a number of different common names throughout their ranges.
