The Nature of Managerial Work: A Comparison of Public- and ...

A manager coordinates and oversees the work of others to accomplish ends he could not attain alone. Today this definition has been broadened.

Management is generally defined as the process of planning, organizing, directing, and controlling the activities of employees in combination with other resources to accomplish organizational objectives. In a broad sense, then, the task of management is to facilitate the organization's effectiveness and long-term goal attainment by coordinating and ...

Business Review

To celebrate Henry Mintzberg receiving the Thinkers50 Lifetime Achievement Award we take a look at his first classic book: The Nature of Managerial Work. What managers actually do, how they do it and why, are fundamental questions. There are a number of generally accepted answers. Managers have a vision of themselves -- which they largely persist in believing and propagating -- that they sit in solitude contemplating the great strategic issues of the day; that they make time to reach the ...

In 1973, Henry Mintzberg – a Canadian academic and author on business and management published a book called ‘The Nature of Managerial Work’. A classic now, Mintzberg based his book on data derived from the time diaries of male executives. The data suggested that managers actually did not spend a lot of time on planning or strategizing.
