The first edition of *The Public Administration Theory Primer* sought to address a problem faced sooner or later by all students, scholars, and practitioners of public administration. In order to make sense of what we study or practice we need some structure or framework to understand decisions, outcomes, causes, and the like;

## *The Public Administration Theory Primer*

The authors describe several theories and analytical approaches that contribute to what we know about policy administration and consider which are the most promising, influential, and important—both now and for the future. *The Public Administration Theory Primer* explores how the science and art of public administration is definable, describable, replicable, and cumulative.

Get Access. Postmodern public administration theory is the antithesis of positivism and the logic of objective social science. Particularism in postmodernity is overly preoccupied with efficiency, leadership, management, and organization. In the postmodernist perspective, scientific or positivist ideas "are privileged in the sense that, if derived in accordance with scientific procedures, they are considered to give greater assurance of truth".

*The Public Administration Theory Primer - Taylor & Francis*

The Public Administration Theory Primer explores how the science and art of public administration is definable, describable, replicable, and cumulative. The authors survey a broad range of theories and analytical approaches—from public institutional theory to theories of governance—and consider which are the most promising, influential, and important for the field.
