The Revolution of Hope: Toward a Humanized Technology by ...

THE REVOLUTION OF HOPE. by Erich Fromm RELEASE DATE: Oct. 16, 1968. Dr. Fromm sees two directions in which humanity can move: either toward a completely mechanized society in which the individual will be merely a cog, or toward a renaissance of hope and humanism in which technology is exclusively at the service of human well-being. The hope of mankind lies in the latter, though, at the moment, we seem to be moving toward the former.

The Revolution of Hope by Erich Fromm | Audiobook ...

Neither tired reformism nor pseudo-radical adventurism is an expression of hope. To hope means to be ready at every moment for that which is not yet born, and yet not become desperate if there is no birth in our lifetime. There is no sense in hoping for that which already exists or for that which cannot be.
