short, humans are innately social creatures. Strange as it may seem, the social world is not merely something that exists outside of us. As the twins illustrate, the . social world is also something we carry inside of us. We are part of it, we reflect on it, and we are influenced by it, even when we are alone. The patterns of the social world engulf us

The expression "the foundation of the world" is found ten times in the Bible. All ten occurrences are in the New Testament, and all ten occurrences are translations of the same Greek expression used in the Greek text. In our age none of the churches of God have ever explained this expression and its application correctly.

Welcome to Social Foundations of Medicine and Health, a teaching website. This site is founded on the principle that medicine is a social practice, that medical knowledge is socially grounded, and that the patterns and extent of illness distributions reflect the social world we live in. Over ten years of teaching medical students, registrars in training and doctors and nurses in practice, I'm convinced that concepts from the social sciences, grounded in practice, can resonate well with ...

Synopsis. This book argues that the foundations of sociology - key concepts that are necessary to all sociology, from whatever perspective - have become taken for granted and require re-assessment. Focusing on society, culture, the individual and collectivity, the author builds a powerful case for an overhaul of these basic concepts, offering a unified model of the subject matter of sociology as "the human world" - understood as individual, interactional and institutional orders - which is ...
