Yet, I believe a newbie to web trafficking would have a difficult time understanding this book. On a good (great) note, my Alexa rating went from 2 million plus to 33K in the United States. This means that my website's traffic is now in the top 1/4 of 1 percent in the United States. Therefore, I thank the author of this book for helping me.

Definition: Website traffic refers to web users who visit a website. Web traffic is measured in visits, sometimes called "sessions," and is a common way to measure an online business effectiveness at attracting an audience.. Web traffic is important — but not the only thing. When ecommerce took off in the 1990s, the metric of web traffic was first viewed as the most important means of ...
