International Political Economy, 5Th Edition by Thomas Oatley

Edited by Thomas Oatley and W. Kindred Winecoff. This extensive Handbook provides an in-depth exploration of the political economy dynamics associated with the international monetary and financial systems. Leading experts offer a fresh take on research into the interaction between system structure, the self-interest of private firms, the political institutions within which governments make policy, and the ideas that influence beliefs about appropriate policy responses.

International political economy (IPE), also known as global political economy (GPE), refers to either economics or an interdisciplinary academic discipline that analyzes economics, politics and international relations. When it is used to refer to the latter, it usually focuses on political economy and economics, although it may also draw on a few other distinct academic schools, notably ...
