Sustainability: understanding impact and value creation ...

Long-term value creation begins with clarity about the purpose of the firm and about management's core responsibilities. Value creation is critically tied to how well management develops and maintains a knowledge-building culture. These ideas are plainly communicated in this PowerPoint presentation which summarizes my book, Value Creation Thinking.

Value Creation Thinking: Powerpoint Presentation

Generating value is often misunderstood by many business owners and entrepreneurs, but creating value is what truly puts one company above others, and ensures survival. During a day and age when competition is fierce, it becomes clear that value is the key to running a successful business. With that said, value can also be challenging to create and measure.
