The Winchester Model 50 was an American 12 gauge semi-automatic shotgun designed by David Marshall Williams based on patents by Jonathan E. Browning in 1950 and produced by the Winchester Repeating Arms Company from 1954 to 1962. A high-quality shotgun, the Model 50 was Winchester's attempt to re-enter the semi-automatic shotgun market.

Winchester Model 50 - Gun Wiki - Fandom

Disassembly Guide: Winchester Model 50 12 Gauge. The year is 1950, and Winchester Repeating Arms company looks on with envy while Remington, Browning and even Savage pump out their versions of the most popular semi-automatic shotgun of all time: the Auto-5. Winchester has done well enough in the pump shotgun market with their John Browning derived designs: the Model 1912 (shortened to simply Model 12) had become the household name in slide actions which Remington and the rest chased after ...

Disassembly Guide: Winchester Model 50 12 Gauge « Apex ...

The Winchester Model 50 was built nearly entirely of milled steel components, save for the machined aluminum trigger guard and housing. There are no castings, MIM, plastics, or stampings anywhere in the design, which debuted in January of 1954. These shotguns were built until 1962 and approximately 190,000 were built.
